

ONE DAY WORKSHOP—OPEN TO THE PUBLIC

Bridges Out of Poverty: Strategies for Professionals and Communities

DATE: AUGUST 3, 2010

TIME: 9:00 AM —4:00 PM

LOCATION: NORTH JUDSON-
SAN PIERRE AUDITORIUM

"Now I understand the people I'm serving."

If you or your organization work with people from poverty, this workshop is for you. Explore innovative concepts to counter poverty and its impact on people and businesses. This will help our whole community build sustainable success.

Bridges Out of Poverty represents a powerful tool for change. Based in part on Dr. Ruby Payne's *A Framework for Understanding Poverty*, *Bridges* reaches out to the millions of service providers and businesses whose daily work connects them with the lives of people in poverty.

Participants will create a mental model of poverty, review poverty research, examine a theory of change and analyze poverty through the prism of hidden rules of class, resources, family structure, and language.

Bridges training contains case studies, detailed analysis, helpful charts and exercises, and specific solutions you and your organization can implement right now to:

- Redesign programs to better serve people in poverty
- Build skill sets for management to help guide employees
- Upgrade training for front-line staff like receptionists, case workers, and managers
- Improve treatment outcomes in healthcare and behavioral healthcare
- Increase the likelihood of moving from welfare to work
